

Daisy was a young happy sergal girl, around the age of 8 years old, she had light pink fur with a white under belly. She was your average young girl, loving parents, great house, great childhood, she also lives in a society where public nudity is accepted. But today was going to be something special for her as she gets her first pet pokemon for her birthday. She will soon learn this little mon has a rather dirty mind.

Daisy wakes up early in the morning, excited about her birthday party and ran down stairs, when she got there she saw her whole family there waiting. "Happy birthday daisy!" They all said at once. "Wooooow, you guys must have been up all night waiting." She joked and sat at the table, she had her cake and a nice chat with her friends and family, then came the gifts. From her cousin Anna she got some drawing books and colored pencils, from grandma and grandpa she got \$60 from each, from her uncle she got a few books on all kinds of pokemon, she was so happy to have gotten all these gifts.

Then came the one from her mom and dad, the one she'd been waiting for. "Sweetie, we know you've been doing a great job of taking care of our garden and seeing how responsible you've been." Her mother said with a smile. "So me and our mother got you a little something to take care of." They put a large present on the table and it had holes in the side, she looked in and saw something moving, she quickly rips the paper off and opened the box to find her new pet.

"IT'S A SNIVY! Omg! thank you sooo much mommy and daddy." She says excitedly and takes the sleepy snivy out of the box and snuggled it, he murring and nuzzling her neck lovingly. Her parents smiled and she sat on the couch and just snuggled her new pet. "I'll name him.....Nick." She smiled and nuzzled his head. As the day went on she got tired and carried nick with her to bed, every one else having gone home and to bed themselves.

"Mmmmmmm, your the best gift I ever got Nick." She kissed his head and he yawns. snuggling up to her and falling asleep, she slowly nods off as well and had a great dream. But then, she felt something nuzzling at her crotch and stirred awake, moving the blanket out of the way she saw Nick nuzzling at her sex, she wanted to stop him but her body didn't wanna move. "N-nick...wh-what are you-Mmmmmph-doing?" She asked between gasps. She laid there and moaned as she felt this new pleasure coarse through her body.

Her pussy growing wet from the virgin pleasure and soon Nick started licking at it, causing her to gasp and grip the bed sheets. Nick's tongue going deep inside her and licked her walls all over, causing her to moan loudly in pleasure, but luckily for her the walls in the house were all sound proof so she wouldn't wake up the others. She gasps and pants as her body felt all tingly every where and she felt something funny happening in her cunt. "I-I feel funny." She said as Nick's dick came out of his vent and he stopped licking her sex, his foot long 2 inch thick dick lining up with her sex and he teased the peddles a bit. It was a very deep red as it was gorged with blood.

"What are you doing n-" Before she could finish he pushed his dick into her tight sex and she moaned very loudly in pleasure, her sex squirting her juices all over the bed under them. She moaned loudly from being penetrated by her pet, the feeling of his large members inside her, throbbing heavily with his heart beat was just intense for the young sergal. he pulled back then slammed into her deep, breaking her hymen and he started humping into her slowly at first, she yelped when her hymen broke but moaned in pleasure from her first fuck.

Nick kept going, being slow and gentle with her as it was her first time. He hissed and moaned as he started picking up speed, making the bed rock a bit as she gripped the sheets tightly, clenching her teeth as she felt pressure building up inside her. Nick continuing with his actions as his dick started swelling with blood, growing an inch longer and half an inch thicker inside her, Throbbing more and more and shooting pre into her young virgin womb.

Soon she yells in bliss as she came for the first time, squirting her juices all over her snivy's crotch and tail and soaking the bed under them, nick cried out as he climaxed as well, filling his mistress with at least a gallon of his hot, fertile seed, he being a breeder snivy. She pants heavily and just lays there, covered in sweat and sex juices, her belly bulged out a bit as the cum leaked out around nicks dick.

"I-I don't know what you just did nick, but that was so much fun." She said between pants, he panting and laying on her belly, she was so tired she fell back asleep, nick nodding off soon after. His dick still inside her, Throbbing away with his pounding heart. They sleep till the morning and daisy woke up first and looked down at nick, still feeling his dick inside her. She smiled and petted his head and sat up. He murring and nuzzling her belly lovingly. "Daisy! Time for breakfast." Her mom called. "OK mommy, I'll be down in a minute!" She called back, getting up and heading to the shower to clean herself and nick up before going down, she could tell she was going to love her new snivy.
