

This book was started by a culmination of two things.

First was a lady friend of mine saying, "you should totally make a bunch of vargas style pinups." after we read through an Alberto Vargas book. Second was the poster I had printed of a certain tattoo covered kangaroo girl I had printed more than a year ago.

So I ended up making this book.  
Thank you for viewing!

You have the right to remain silent, Mr. Wolf.

You know speed isn't everything, big guy.

Sometimes I crave something big. Maybe you can help me...?

I need a man who is hot blooded.

How do I stay in shape? Well, weight-lifting, of course, silly!

You know, love is the flower you've got to let grow.

I soften up once you get to know me.

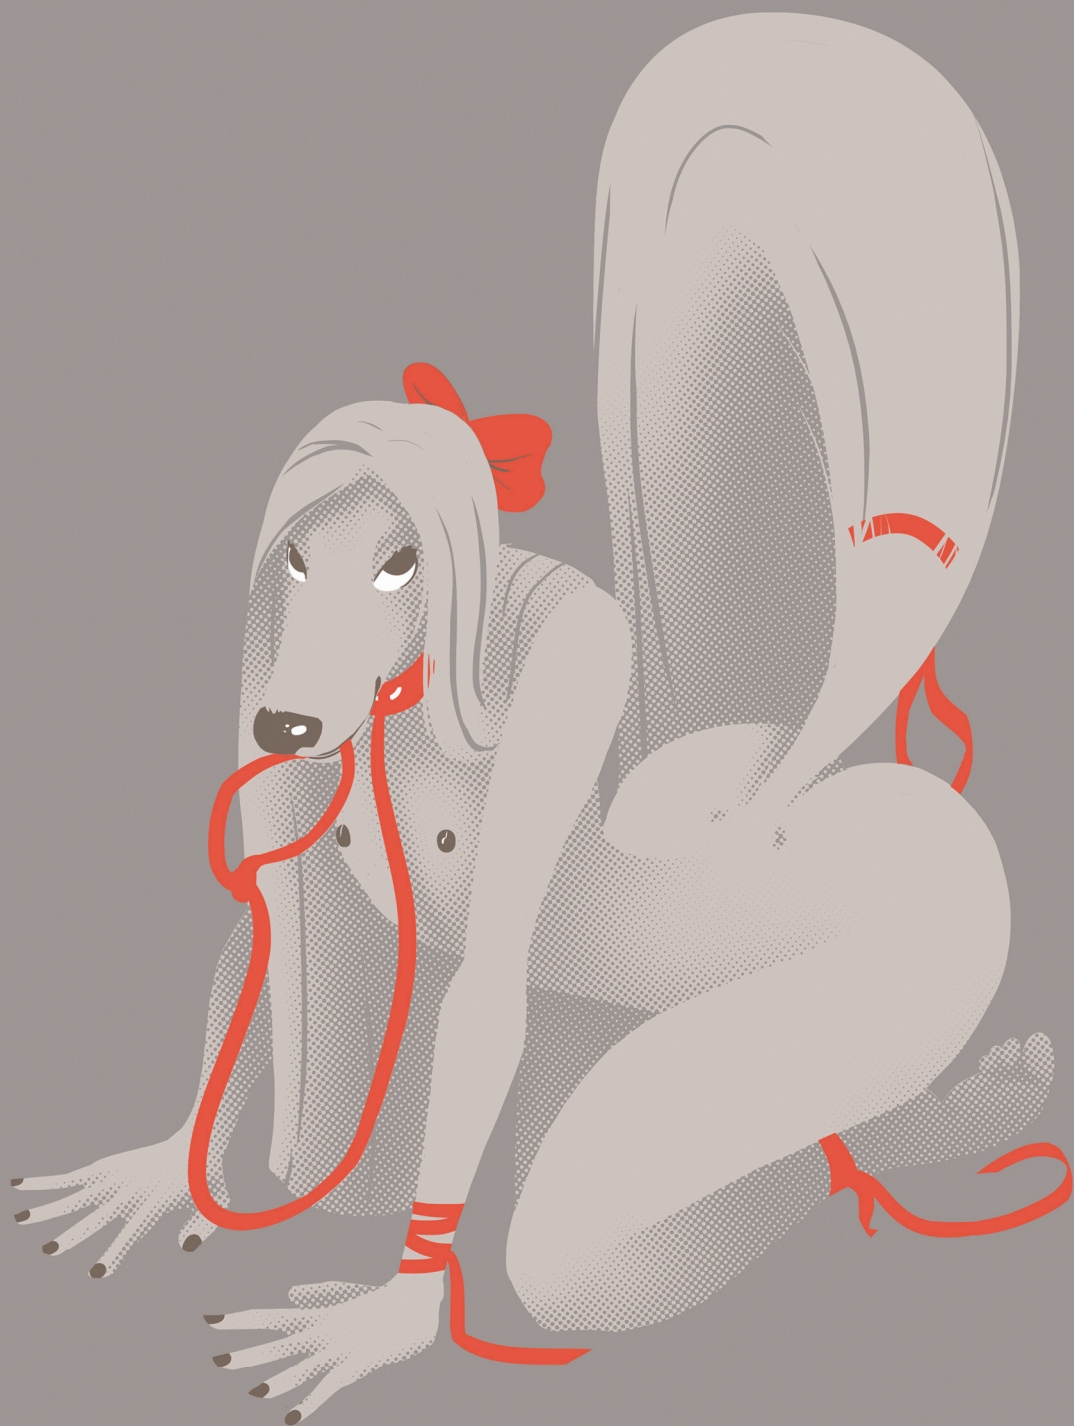

There's some hidden ink on me, if you'd like to find it.

Don't worry, I may bark but I won't bite.

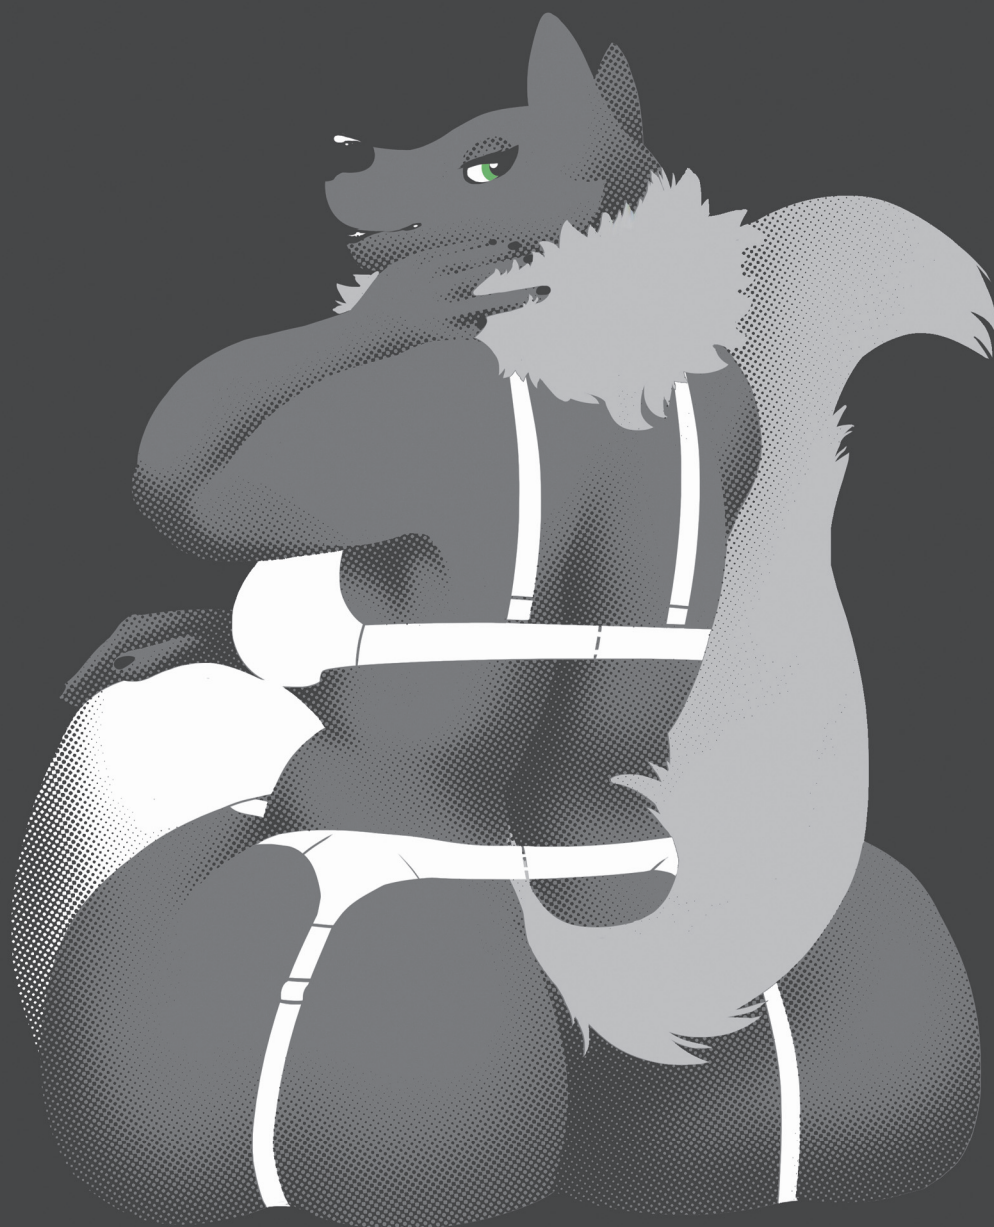

Yes they are huge, and so are my breasts.

Our Company's assets are in your capable hands, Mr. Fox.

I like a man with a large... vocabulary.
