- When casting Birth - Aspect of Dominance, an indicator will display in the bottom right showing that the impregnation buff is active.
- Pregnancy now shows as an Effect under Character stats for other characters.

Book of Lust v0.0.4.1c

- Fixed an infinite loop that would result in a softlock in the hunger scenario while playing as Cassandra. (Hopefully this is now finally fixed)
- Fixed typo in resolution settings. 1980x1080 changed to 1920 x 1080.
- Music should now default to be ON.
- Added 1664 x 936 as a resolution option.

Book of Lust v0.0.4.1b

- Fixed softlock on hunger scenario when playing as Cassandra. Nothing happens, but the game won't reset.
- Fixed softlock on casting Soul Passenger on Jake. Nothing will happen, but the game won't lock.
- Attempted to fix the entire game resetting under certain conditions. Save files should still work (Hopefully)
- Attempting to load a save from a slot with no save in it will give a "This save file doesn't exist" message instead of resetting the game.
- Soul Passenger now immediately appears as a castable spell when Soul Link is cast.
- Soul Link should no longer affect Command: Fuck Other
- Added a 1920x1080 resolution option in the options menu
- Added quit button to title screen
- Added a button to toggle music on/off in the ingame option menu as well as the titlecreen option menu

Book of Lust v0.0.4.1a

- Added new spell Birth: Aspect of Dominance. Impregnates someone else (or yourself) of the opposite gender the next time you have sex. Spawns a commandable wolf companion that you can send out to hunt energy for you.
- Fixed Softlock on talking to Cassandra after her Hunger scenario.
- Fixed having sex with Jake incorrectly taking you to Cassandra's room instead of Jake's.
- Love now degenerates at a rate of -1 per day.

- Fatigue renamed to stamina during wait screen.

Book of Lust v0.0.3.1d

- Fixed Softlock on Succubus Feeding Scenario.
- Fixed Travel Toggle not deactivating UI at school.
- Had to break the save system again. Sorry. Better now (again) then later I guess. Old Saves won't carry over to this version.
- Loading a save profile after a sex scene without anything saved to a slot shouldn't softlock the game anymore.
- Changed name of the executable to 'Book of Lust' from 'Resident Succubus' (The placeholder name I gave it because I needed something to name my project.)
- Completely disallowed fullscreen mode. Apparently it was still defaulting to full screen for some people.
- Target of Soul Link no longer works on Succubus Sleep Feeding Scenario.
- Modified Talent Tree placement a little bit.
- Bend will reduced to 2 ranks.
- Bend will value reduced to 12 per level from 20 per level.

- Added Hunger to stat menu.
- Slightly prettier text boxes.

Book of Lust v0.0.3.1c

- Fixed Jake and Cassandra's Rejection Values. They now subtract Love and Lust instead of adding it.
- Fixed Body Swap duplication on cancellation glitch.
- Fixed 'Character2' appearing instead of "Olivia" under sex targetting.
- Fixed Softlock on Jake rejecting your seduction attempt.
- Fixed Save profile 1 loading when Save profile 2 is selected on the title screen.
- Soul Link no longer affects the target of soul passenger.
- Added 'Travel Mode' Toggle. Toggling it will call the area's 'Action' UI (wait,sleep,move) instead of the default UI (talk,sex,spell) upon area change. It should allow for quicker long distance travelling.
- Reworked title screen a little bit.
- Added additional 16:9 resolution options in the main menu options.
- Resolution defaults to 1152x648 instead of 1280x720.

- Fixed text for Jake rejecting your attempts at sex.
- Fixed Compulsion option showing up for Jake even when compulsion buff not active.
- Fixed Soft Lock on Body Swapping back into Jake.
- Infatuation now works correctly on Jake.
- Fixed Infatuation timer. It should now dispel correctly after one week.
- Fixed Issue where Body Swap would be learned if the icon is clicked rather than the 'learn' button.

Book of Lust v0.0.3.1a

- Fixed Cassandra's 'Soul Passenger' Scenario in which it would soft lock in the late night time slot if you had Soul Passenger rank 1.
- Changed view button graphic to an eye
- Added character names to character stat page.
- Reorganized button layout for talk, sex, and spell targetting.
- Widened Talent Tree description window.
- Added viewable stats to Talk, Spells, and Sex, while selecting a target.
- Added Body Swap spell. Only works on sister so far.
- Changed flirt failure values.
- When you have sex, you lose a bit of stamina instead of gaining it. Added minimum stamina requirement.
- Added 2 new sketched sex scenes with Cassandra and Jake.
- Talent tree buttons now deactivate and reactivate accordingly when looking at descriptions or respec confirmation menu.
- Soul Link no longer triggers if it's the same person who just had sex.
- Soul Link Lust gain reduced to 12. 30 was a little ridiculous.
- Reduced mana cost from Command: Fuck Other from 20 to 10
- Increased influence cost from 10 to 15 for Rank 2 Command: Fuck Other.
- Fixed issue where 'Soul Passenger' Cafeteria scene would show up at wrong times under certain conditions.

- Fixed softlock issue when talking to Mel
- Fixed bug where Status effects would display on freshly opened 'Character Stats'
- Fixed issue where, when backing out of talking or sex with a character when two characters are on screen; the character you're not talking to would remain dimmed.
- Fixed a bug where infatuation was permanent and Rank 2 only gave +10 stats to target.
- Fixed issue involving the character portraits lingering during most scene transitions.
- Hotkeyed 'n' or 'right click' to fast forward through dialog.
- Fixed resolution to 1280x720 in windowed mode for the moment. Any other aspect ratio causes things to distort.

Book of Lust v0.02a

- Redesigned pretty much all the characters except for one, probably gonna work on their designs a bit more. I don't want to start the animation portions til I'm sure about how I want them to look.
- Optimized some of the game's memory usage.
- Added an outside area so that you're no longer trapped in the house. Although what you can do is fairly limited.
- You can now talk to Mel (no flavor text or actual effects yet though)
- Fixed bug where skill names don't showing up.
- Fixed bug where trying to fuck the succubus without enough mana will soft lock the game.
- Added the load feature on the main menu.
- Added a couple new pictures and fleshed out some of the intro scene.
- Added new skill (Command - Fuck Other)
- Added new scene (It's really rough, just like the others).
