

Koikatsu – All H positions

Last updated: June 29, 2020

This document contains the **list of all H positions available** in the vanilla version of Koikatsu + the **additional positions from kPlug** (up to public version 2.3).

Positions are grouped by type of sex action:

- Normal (laid down/standing, chair/couch, desk and wall)
- Masturbation
- Lesbian
- Group (3P)
- Darkness

Then, by their category:

- Caress / tease
- Services
 - Hand
 - Breasts
 - Mouth
 - Foot (kPlug only)
 - Hips (kPlug only)
- Insert / intercourse

You will find both vanilla and kPlug naming of these positions:

- Positions **listed in blue** are only available with kPlug
- Positions **listed in red** are only available on specific maps (refer to the comments column for their requirements)
- Positions **marked as Unknown** are yet to be found (they only seem to exist on the kPlug UI, even though they are not listed in blue).

If something is wrong or missing, don't hesitate to reply in the Koikatsu thread on 4chan.
