

NSFW Males Changelog:

Version 1:

- Initial release

Version 1.1:

- Added "pen_flare_2" flex
- Created the "female_no_lashes" body and added it to the source files for those that use a male OC with that base

Version 1.2 [4 Oct 2014]:

- Added base improvements from my enhanced male pack

- Fixed typo with nightlight's and pokeypierce's titles
- Source files now include bodies for all the female bases
 - >This is something I personally do not want to support (rule 63), but since it was a simple process to convert from the no lashes base, I figured I might as well
- Slightly tweaked the skeleton weights on the female bases
