## START OF ACT #1

### ALTERNATE DAWN'S STUDY

Alternate Dawn sits at his desk looking over his Magic ID cards. As he comes to Sparity's cards, he can't help but smile thinking back on how he got to kiss her three times when they first met.

The first time was to make her Unicorn card, the second time to make her Dragon card, and a third time so he could make his own ID card. Granted he had to make the deal that he wouldn't kiss anypony without their permission. But it was well worth it.

He places the cards off to the side as he hears someone open the door to his study, and looks towards the door.

ALTERNATE DAWN

Oh, hi Serene.

Serene walks in carrying a few scrolls with her in her left paw, and a tray with tea and cookies with her other paw. Alternate Dawn goes to meet his assistant, and takes the scrolls from her.

ALTERNATE DAWN

Thanks. You can put the tea on the desk, I'll put these away.

Serene hands over the scrolls and heads to the desk. She notices the ID cards, so she carefully places the tray on the desk not disrupting their placement. She takes a cookie from the tray and heads to the pillows next to the fireplace.

Alternate Dawn looks as she starts to read her comic. He puts the scrolls away and takes a book from a shelf. He starts to walk back to his desk when he hears Serene call out.

SERENE

Word?

Without looking Alternate Dawn uses his magic to put the book on his desk, and heads over to Serene. Serene points to the page in her comic that she doesn't understand.

ALTERNATE DAWN

"Quantum Leap." It's a type of science that would let them warp to another place.

SERENE

(Looks back at her comic) Okay, thank you.

Alternate Dawn shakes his head, as he turns around and thinks to himself.

ALTERNATE DAWN

Great assistant. Horrible conversationalist.

Alternate Dawn heads back to his desk, and notices that when he placed the book down, he knocked the teapot over. He rushes over, and quickly picks up the pot and places off to the side. He starts to clean up the spit tea, when he notices that Sparity's and his ID cards are completely soaked.

ALTERNATE DAWN

\*Yells\* Noooo!

Alternate Dawn tries to pat them dry with the cloth, but since he already used it to clean up most of the split tea, it just makes it worse.

Serene walks over to see what's wrong. As she sees that the cards are wet, she quickly mentions the first solution that comes to mind.

SERENE

Heat dries everything nicely.

Alternate Dawn uses his magic to hold up the three cards and turns to Serene.

ALTERNATE DAWN

Quick, use your fire breath to dry them off!

Serene with out thinking twice, takes a deep breath in and exhales with her fire breath. The cards start on fire, and quickly burn and turn to ash. Alternate Dawn looks in dismay.

ALTERNATE DAWN

\*Screams\* No!

Twilight rushes into the study and looks towards her son.

TWILIGHT

What is it? What's wrong?

Alternate Dawn looks sadden as he holds up of what remains of the three ID Cards.  
Twilight not knowing what to say looks at Serene.

SERENE

He spilled tea on the cards, and told me to breathe  
fire on them to dray them off. So they burned.

Serene pats Alternate Dawn on the shoulder and heads back to her comic.

TWILIGHT

Okay... So whose cards were they?

ALTERNATE DAWN

They were mine and Sparity's

TWILIGHT

So, what's the big deal? Can't you make new ones,  
if you kiss her again?

Alternate Dawn uses his magic to pick up the ash and what remains of the cards, and  
places them into the trash.

ALTERNATE DAWN

I can... But I promised her that I wouldn't kiss  
anyone with out there permission.

TWILIGHT

I'm sure if you tell her what happened, she'd be  
willing to help make new cards... Wait what month  
is it?

ALTERNATE DAWN

September all month long, Mom.

Twilight smiles a little nervously.

TWILIGHT

Ya... You might want to wait a month or so.

Alternate Dawn looks at Twilight puzzled.

ALTERNATE DAWN

I know I stole her first kiss, but she still can't be that  
upset with me.

Wait I know! I'll pick up some red velvet cupcakes,

and take her out to the lake. I'll set it up as a date,  
and make the cards afterwords!

Alternate Dawn quickly picks up his saddlebag and dashes out.

Twilight calls out to him.

TWILIGHT

But she's half dragon and it's... (Twilight face looks  
a little worried) This might not end well.

INT. SPARITY'S HOME

Sparity is sitting at kitchen table, but she looks a little flustered and her cheeks are a little red. It looks like she's reading one of her magic books "Magic Defenses" She puts her head down on the table and lightly growls.

Rarity comes up to Sparity and gives her a hug from behind. She also looks at the page that Sparity is on.

RARITY

Funny. I didn't think these books came with an issue  
of "Playmare" in them.

Rarity uses her magic to take the magazine out from the book, and holds it up from Sparity.

SPARITY

M... Mom!

RARITY

\*A Little playfully\* Awe, my little girl, is all grown  
up.

SPARITY

Not helping Mom.

RARITY

Sorry, but I couldn't help it dear. But I must say,  
this season is affecting you a little more then before.

SPARITY

Ya, as long as I don't transform, I should be okay.

RARITY

Just remember, Dragons instinctively mate for life.

Sparity's face blushes with embarrassment

SPARITY

M...Mom! Can we please not have "this" conversation again!

Rarity smiles lightly as she looks at her daughter.

RARITY

I'm being honest dear. You're farther and I have been together for over a 100 years.

SPARITY

So you mean, you and Dad have never been with anyone else?

RARITY

(Looks a little nervous) Well... before I was with your Farther, I "might" have been with a few others.

Sparity's is stunned hearing this.

RARITY

But, that's in the past. When we got together, I knew what I was getting into. Since Dragons pick their partners for life, I knew I would be with him for the long haul.

From off screen we hear Spike call out

SPIKE

\*Lovingly, playfully\* Oh Rarity; The beast awakens again, and must feed!

Rarity turns her head and plays along.

RARITY

Don't worry Spiky! I have something special in mind.

Sparity looks at Rarity annoying, as she starts to pack up her book, and leaves the Playmate magazine with Rarity.

SPARITY

I'm heading to the library, and having dinner elsewhere. Make sure you two are done having sex

by the time I'm back. I don't need to hear you all night.

As Sparity walks out, Rarity turns her head to talk to Spike.

RARITY

\*Playfully\* If I promise to lick it all up, can I use the chocolate sauce?

CUT TO:

EXT. TOWN

As Sparity walks to the library, Alternate Dawn is walking behind her smiling. Sparity stops and sighs.

SPARITY

What do you want?

ALTERNATE DAWN

\*Playfully\* Well I saw the most stunning mare I've ever seen. So I thought if I fallowed her like a lost puppy, she would take me home with her!

SPARITY

Argh... Can you just go away today please? I'm not having the best day right now.

Alternate Dawn walks in front of Sparity still smiling.

ALTERNATE DAWN

Come on, I was hopping you could help me with a little issue.

SPARITY

Figures... Look, I'm sorry. I just want to read my book in peace a quiet. Get somepony else to help you.

Alternate Dawn uses his magic to bring out a box from his saddlebag and opens it up in front of Sparity. As soon as she sees the red velvet cupcakes she looks in awe and drools a little.

ALTERNATE DAWN

Shame. I picked up these up and was thinking on eating them down by the lake. (He closes the box, and places it back in his saddle bag.)

But if you don't want to help me eat any of these. I guess I'll just go alone.

Sparity looks at Alternate Dawn a little annoyed.

SPARITY

I want to read my book slightly.

ALTERNATE DAWN

(Smiling) I won't talk unless you do.

SPARITY

(Turns to walk to the lake) I hate you.

ALTERNATE DAWN

(Following Sparity) No you don't.

LAKE - MOMENTS LATER

As Sparity and Alternate Dawn make it to the lake, Alternate Dawn goes to a tree that gives good shade from the sun. He pulls a blanket from his saddlebag and goes to set it down.

SPARITY

I want to sit in the sunlight.

Alternate Dawn moves the blanket into the light, and then takes out the cupcakes. He sits down in the middle, and motions for Sparity to join him.

Sparity cautiously sits near the edge of blanket away from him.

ALTERNATE DAWN

Come on, I don't bite.

SPARITY

This coming from the colt that stole my first kiss, when I first met him.

Sparity opens her book and starts to read. She uses her magic to take a cupcake from the box.

ALTERNATE DAWN

Hey, you know it was so I could make the Magic ID--

Sparity uses her magic to and shoves a cupcake into Alternate Dawn's mouth.

SPARITY

No talking, reading.

As the two sit in silents, Alternate Dawn starts to hum a song. Sparity's smiles, but she starts to blush. The wind lightly blows and she smells Alternate Dawn's sent. She starts to fidget as her Dragon matting instincts kick in again.

Alternate Dawn sees Sparity moving, and thinks she's just trying to get comfy. He takes a pillow out of his bag and offers it to Sparity with a smile. Sparity takes the pillow and places it under her front hooves.

SPARITY

How did you fit everything into that bag?

ALTERNATE DAWN

\*Playfully\* Hey, you'd be surprised on how well I can fit big things into small places.

Alternate Dawn looks at Sparity and sees that she isn't amused with his joke. He quickly replies

ALTERNATE DAWN

It's a bag of holding. I can fit almost anything in my saddlebag, and have it come out fine.

Alternate Dawn sits downs beside Sparity and starts to hum his song again. Sparity feeling the body heat from Alternate Dawn and being able to pickup his sent more, starts to move uneasily. She's moves her hair to block her face, and she images kissing him again.

SPARITY

So... What are the cards exactly again?

ALTERNATE DAWN

They save the information of the pony as they are, and collects data on there abilities. I can also use the cards with my "Save State" to heal them if they get really sick, break a bone or even if they lose a limb.

Sparity's mind is still fantasizing about Alternate Dawn, and she moves closer to him, so they're touching.

SPARITY

So... Why do you have "kiss" them?

ALTERNATE DAWN

It's just how the spell works. My Mom and I tried different ways to make the ID cards, but it never worked.

Sparity tries to read her book again, but her mind goes back to fantasizing kissing Alternate Dawn slowly. In her mind she lays down on a bed full of pillows, as Alternate Dawn nibbles on her ear, and then slowly kisses her neck, making his way down.

Sparity starts to stamper and breaths heavy. Alternate Dawn looks at her and notices that her body is really warm.

ALTERNATE DAWN

Are you feeling okay?

Sparity gets up with a flustered expression, but turns her head, so Alternate Dawn doesn't see.

SPARITY

\*Nervously\* I'm fine, fine... It's just a little warm out, that's all.

Sparity heads to the lake and dunks her head into it, trying to cool herself off. When she brings her head up, she shakes her head. Alternate Dawn looks at her and blushes, seeing Sparity with a wet mane looks hot to him.

Sparity takes a few deep breaths in and heads back. Alternate Dawn is still blushing as she sits back down.

ALTERNATE DAWN

To tell you the truth, I wanted to talk to you about the ID cards.

SPARITY

\*A little cold\* And hear it comes.

Alternate Dawn puts his hooves up, and smiles.

ALTERNATE DAWN

Hey, hear me out first. I wanted tell you that I thought about what I did, and it wasn't right. So I had Serene burn the cards.

Sparity looks at Alternate Dawn not believing him.

ALTERNATE DAWN

I'm telling the truth! You can ask my Mother, and Serene. I even have the ashes at home to prove it.

SPARITY

\*Cautiously\* So what does this mean?

ALTERNATE DAWN

I wanted to say I'm sorry, for what I did. And I'll only make the cards again, if you want me to.

Sparity looks at the ground and blushes.

SPARITY

So that means... We would have to kiss again.

ALTERNATE DAWN

Ya... Once for your Pony form, once for your Dragon form, and a third time to make my card again. (Alternate Dawn starts to blush as he thinks about kissing Sparity.)

Sparity goes up to Alternate Dawn and nuzzles him under his head.

SPARITY

If I was willing to kiss you, to makes the cards again. Do you think we could go someplace privet...

Alternate Dawn brightens up and smiles. He jumps back and looks at Sparity.

ALTERNATE DAWN

Sure! If you want we can go to may place right now!

Sparity is blushing more, and looks away from Alternate Dawn.

SPARITY

Okay. But you can't use the spell until I'm ready. And if I decide not to... You can't get upset with me, okay?

Alternate Dawn smiles, and picks up Sparity's head.

ALTERNATE DAWN

\*Friendly\* I promise. If it makes you feel better, I haven't kissed anyone since we kissed.

Both stand blushing and looking at each other for a moment, Until Alternate Dawn motions for Sparity to fallow him.

EXT. GOLDEN OAK LIBRARY - MOMENTS LATER

As Alternate Dawn and Sparity walk too Golden Oak Library, we see Twilight walking down the street with one of her advisors. As Twilight sees the two, she stops to great them.

TWILIGHT

Hey you two, what are you up to?

SPARITY

(Bows her head) Hello Princess Twilight, it's nice to see you again.

Twilight smiles back.

TWILIGHT

Please, Twilight is just fine.

ALTERNATE DAWN

I told Sparity that I burnt the cards, and she came over to help make new ones.

Twilight is shocked to hear that her son told the truth, and got Sparity to agree to come over and make new ones.

TWILIGHT

(Looks at Sparity) He told you that he wrecked them?!?

SPARITY

Yes. He said that you could confirm that he had Serene set fire to them.

TWILIGHT

And you're okay, with making new ones right now?

Sparity smiles back at Twilight and replies.

SPARITY

Well, him sucking up with my favorite cupcake helped. But I told him that if I helped make new cards, we had to do it privately and if I wasn't comfortable I could back out anytime.

ALTERNATE DAWN

Okay, Mom. I'm sure you don't need to hear about us making out... Err, kissing! I mean kissing!

Both Sparity and Alternate Dawn blush and look away from each other. Twilight looks stunned for a moment, and starts to laugh. She looks at Sparity.

TWILIGHT

\*Joking tone\* Did you cast a truth spell on him?

SPARITY

No mama. And we're only kissing to re-make the three cards, I promise!

Twilight's advisor laughs a little, before speaking up.

ADVISOR

We must be going Princess. We need to get the meeting on time.

Twilight hugs Alternate Dawn, and then Sparity.

TWILIGHT

\*Quietly to Sparity\* I know what season it is. So if you two go too do "something", take it easy on him.

Twilight winks and Sparity as she moves away. Sparity is stoned stiff with embarrassment.

Alternate Dawn looks at Sparity a little confused.

ALTERNATE DAWN

What did she say to you?

Sparity waves her hoof in front of her, nervously.

SPARITY

Nothing! Nothing, at all.

Sparity starts to walk down the street and turns to the left.

ALTERNATE DAWN

I live here at the library.

Sparity still blushing turns around and walks into the library leaving Alternate Dawn outside. He smiles before heading in.

CUT TO:

INT. ALTERNATE DAWN'S STUDY

Sparity is sitting on the pillows next to the fireplace. She looking around the room, and can't believe how big one room could be.

Alternate Dawn enters the room caring drinks with him.

ALTERNATE DAWN

Here's the ice water you wanted.

Sparity takes the cup, and takes a drink.

SPARITY

Thanks. I've been warn all day, and haven't been able to cool down.

Alternate Dawn sits near Sparity not knowing what to say. Sparity started to breath heavy with anticipation.

SPARITY

\*Thinks to herself\* It's just a few kisses. It doesn't have to go any further then that.

Sparity looks at Alternate Dawn and he seemed a little more nerves then her... Almost timid.

ALTERNATE DAWN

(Still looking away) You know... you don't have to do this. I mean, it doesn't have to be anything special or anything.

SPARITY

No, it's fine. I guess I'm a little nerves is all.

ALTERNATE DAWN

Well how about you change into your Dragon form first. And we go from there.

Sparity takes out the Dragon Stone, and turns into her white Dragon form. All of sudden all of her mating instincts go into overdrive, and she looks at Alternate Dawn with a burning passion.

ALTERNATE DAWN

It just needs to be a quick kiss to make--

Sparity gives in to her dragon instincts, and jumped on Alternate Dawn knocking him down on the pillows. She leans forward and press her lips onto Alternate Dawn's.

The kiss came to as a complete shock to Alternate Dawn, and he pushed Sparity off of him lightly.

ALTERNATE DAWN

Whoa... Easy there. I need to cast the spell to make the card first.

Sparity moves away and doesn't look at Alternate Dawn. She looks disappointed, and almost upset.

ALTERNATE DAWN

Did I hurt you?

SPARITY

Did I say I was ready to make the cards yet?

ALTERNATE DAWN

Then why did you kiss me?

Sparity looks towards Alternate Dawn. Her eyes burn with passion. She moves to Alternate Dawn and pushes him down on the pillows again. She holds his front hooves down, and looks down at him.

SPARITY

Come on. I'm sure a Playcolt, like you can figure that out.

Sparity moves her head down, and starts to nibble on Alternate Dawn's ear lightly. Alternate Dawn's breathing becomes a little heavy, as Sparity moves her head to his neck and start to kiss it. She slowly moves up to his lips and kisses him deeply.

Alternate Dawn kisses Sparity back, and sticks his tongue out to meet hers. After a moment Sparity moved her head away, and looked down playfully.

SPARITY

So is that your tail between my legs, or are you just happy to see me.

Alternate Dawn looks down at his erect cock. He quickly tried to escape Sparity's grasp, but he could only get one of his hooves free.

SPARITY

Take it easy there Playcolt. I'm sure this isn't the first time you've been with a mare.

Alternate Dawn feels Sparity's paw on his cock as she starts to stroke it softly. Alternate Dawn tries to control himself.

ALTERNATE DAWN

Wa...Wait. I've, never been with a mare... I... I'm still... a virgin.

Sparity looks down at Alternate Dawn and grins.

SPARITY

That makes the both of us then...

Alternate Dawn tries to resist Sparity, and get out from under her.

ALTERNATE DAWN

But why, are you... doing this?

SPARITY

Come on, Playcolt... We both knew where this was going to head, back at the lake. After all, even your Mother knows what season it is.

Sparity moved down to Alternate Dawn's fully erect cock, and starts to lick it. Starting from the tip, down to his balls and back up.

Sparity sticks her tongue fully out and despite how thick Alternate Dawn's cock is, she wraps her tongue fully around his cock. She moves up and down his cock, slowly picking up speed.

Alternate Dawn breaths heave and starts to squirm out on enjoyment.

ALTERNATE DAWN

Sparity... I... I don't know how much longer I can last.

Sparity notices that Alternate Dawn's cock has started to release some cum. She lets go of Alternate's cock from her tongue grasp, and starts to suck on it. Enjoying the juices

Alternate Dawn's cock was giving, Sparity quickly places his cock into her mouth. Sparity starts to play with Alternate Dawn's balls as she continues sucking on his cock.

Alternate Dawn gives into his lust, and doesn't hold himself back. He lets out a loud groan. He places his one of his hooves on Sparity's head, forcing her to keep his cock fully in her mouth. Sparity is more than happy to comply as she uses her tongue to lick the full length of his cock from inside of her mouth.

ALTERNATE DAWN

A...aah... I think...

Sparity bats Alternate Dawn's hoof off her head, and brings her head up, making a popping sound as his cock comes out of her mouth.

SPARITY

Not yet.

Sparity turns around and presents herself to Alternate Dawn. Alternate Dawn moves up to Sparity and slowly sticks his cock into her pussy from behind. Sparity starts to flinch from the pain of having a cock in her for the first time.

Alternate Dawn feels Sparity's pussy reacting to his cock, as it flexes and tightens around his cock.

ALTERNATE DAWN

Sparity... It's a little tight. I don't think I can...

Before Alternate Dawn can finish his thought, his horn glowed with a magic aura, as he cum's into Sparity's pussy. His cum drips out of Sparity's pussy since he wasn't able to get his cock fully in. A ID card magically appears next to the two.

All Alternate Dawn can do is stay laying down. Trying to gather his thoughts on what just happened. When Sparity looks down she sees the new ID card, and smiles.

SPARITY

Well that's one down, two to go. Mr.Playcolt.

Alternate Dawn opens his eyes, and sees Sparity is holding the new ID card, but it looks different from the rest. He goes to grab it.

ALTERNATE DAWN

Let me see it!

Sparity tosses the card on to the near by couch, out of Alternate Dawn's reach.

SPARITY

Not yet... You still have to make the next two before you're allowed to look at them.

Sparity turns her self back into her pony form and looks at down at Alternate Dawn. He looks at her in both shock and in temptation.

ALTERNATE DAWN

You mean again!?!

Sparity gives Alternate Dawn a grin, and she looks at him. She stops her gaze on his cock, and sees that there's still a fair bit of cum.

SPARITY

Looks at that. I was a bad girl and didn't finish everything.

Alternate Dawn looks down at his cock, and sees that it's a mess from his cum. He goes to move his hooves to hide his cock, but Sparity hits his hooves away, and starts to lick everything up.

Alternate Dawn lays his head down, enjoying himself. As Sparity licks his cock clean, it starts to become erect again. Once his cock is cleaned off, Sparity stops and sits down and looks around the room.

SPARITY

Now then... Where should we do it?

Alternate Dawn sits up and is a little confused.

ALTERNATE DAWN

What do you mean?

Sparity gives Alternate Dawn a grin. As Alternate Dawn clues in, his eyes widen with both shock and anticipation. Sparity goes to walk past Alternate Dawn, and lets her tail brush his head. Alternate Dawn follows her in dopey-love state.

The two make their way to Alternate Dawn's bed. They both sit on it, and start to make out. Alternate Dawn puts one of his hooves between Sparity's legs and starts to rub her pussy.

Sparity moans in pleasure and moves her head. Alternate Dawn nuzzles her neck a little, before he starts kissing it.

Sparity lightly pushes Alternate Dawn down onto the bed, and kisses him. As they kiss, Sparity uses her magic and ties Alternate Dawn down to the bed. Alternate Dawn opens his eyes, and he notices what's happening and looks surprised. Sparity looks down at him almost with an evil grin.

SPARITY

Now. How about we put that mouth of yours to good use.

Sparity climbs on top of Alternate Dawn and faces backwards to him. She moves her pussy over his mouth and looks back at him. Alternate Dawn blushes, but starts to lick Sparity's pussy. Sparity closes her eyes tightly, and smiles out of the sheer enjoyment of the feeling.

As Alternate Dawn licks Sparity's pussy, he starts to let his tongue go inside. Sparity whimpers, and moans. Hearing this Alternate Dawn starts to push his tongue in as much as he can and moves it around in Sparity's pussy. Sparity yells in enjoyment.

SPARITY

Yes!

Sparity bends forward a little and strokes Alternate Dawn's cock again. After a few minutes, she moves further down and starts to suck on Alternate Dawn's cock, as he continues to lick and tongue fuck Sparity's pussy.

After a moment Sparity moves her rump away from Alternate Dawn's mouth. She moves to the end of the bed, turns around and looks at Alternate Dawn. Alternate Dawn looks up at confused.

ALTERNATE DAWN

I thought you liked what I was doing.

SPARITY

I do... But I think, I should get "mine" this time.

Sparity moves close to Alternate Dawn's cock and holds it up to her pussy. She starts to rub her pussy against his cock, and moans.

After a few moments, Sparity lets go of Alternate Dawn's cock and lets it fall down. She mounts Alternate Dawn, and starts to slide up and his cock, letting the juices from her pussy spread all over his cock.

Once Alternate Dawn's cock is covered in Sparity's juices, she slowly starts to put his cock in her pussy. But only after getting the tip of his cock in, Sparity flinches in pain slightly. She tries to put more of Alternate Dawn's cock in and gets about a fourth of it in, but she stops due to the pain.

SPARITY

\*Quietly\* Owe... owe

ALTERNATE DAWN

Are you okay?

SPARITY

Yea... It's just... My first time. (Breathing heavily)  
And it's a little much to get it in.

Alternate Dawn smiles, and smirks.

ALTERNATE DAWN

You know, if it's too much for you.

Sparity slaps Alternate Dawn and stares at him furiously.

## SPARITY

Just watch!

Sparity quickly forces the rest of Alternate Dawn's cock in. She gasps, and screams out in both pain and enjoyment. Alternate Dawn has his eyes closed tightly since Sparity's pussy is so tight.

Alternate Dawn starts to move his hips instinctively. Sparity places both her hooves on his chest trying to not to move.

## SPARITY

Wait... I... need to get use to this.

Alternate Dawn looks up and sees that Sparity's face is a mixture of both pain, and pleasure. He stops moving, but Sparity starts to move on her own, slowly.

Sparity moves her hips, moving up and down on Alternate Dawn's cock. She moves until half of his cock slides out, and then slowly moves back down, letting Alternate Dawn's cock fully slide in again.

Sparity naturally picks up her speed, and moves up and down more on Alternate Dawn's cock. But manages to keep it in at all times. Sparity starts to rub her pussy with one of her hooves, and keeps the other on Alternate Dawn's chest for support.

Both Sparity and Alternate Dawn's face show nothing but pleasure, with Alternate Dawn's tongue hanging out of his mouth.

Alternate Dawn starts to move his hips to match Sparity's movement. They both pick up their speed, and start to fuck each other as fast as they can. As they both moan and breathe heavily, Sparity lays down on Alternate Dawn's chest as they continue.

Sparity moves her head up and looks at Alternate Dawn. They both stick their tongues out and start to kiss as they fuck.

Serene walks into the room and looks towards the two

SERENE

Alter, I heard something funny...

Serene looks at Alternate Dawn and Sparity as they have sex and blushes. She quickly leaves the room and closes the door.

As Sparity's pussy tightens around Alternate Dawn's cock, Alternate Dawn gives out a loud moan.

Alternate Dawn feels himself about to cum, and tries his best to steady himself, but being tied down doesn't help.

ALTERNATE DAWN

Sparity... I... I'm about to cum again.

Sparity keeps moving up and down Alternate Dawn's cock as if she didn't hear him. She starts to move up and down with more force on Alternate Dawn's cock.

Alternate Dawn tries his best to keep himself from cumming, but Sparity's pussy tightens up more around his cock.

ALTERNATE DAWN

Ah...AHHHH!

Alternate Dawn releases all of his cum inside Sparity's pussy. There's so much cum that some of it leaks out while Sparity still has his cock inside. We see his horn glow with a magic aura, and dim down again.

At the same time Alternate Dawn cum's inside Sparity, Sparity sits up and arches her back and screams out in pleasure.

SPARITY

Yes, yes. YES!

Sparity cum's at the same time as Alternate Dawn, and makes an odd, but cute face as the two of them cum together.

Sparity slowly moves and lets Alternate Dawn's cock fall out of her pussy. Cum drips from Sparity's pussy on to Alternate Dawn's already cum-covered cock.

Sparity notices that her legs aren't working right. She tries to move, but her legs are worn out. Sparity notices just how much having sex for the first time has tired her out.

She slowly moves and lays down next to Alternate Dawn, who's trying to catch his breath.

Sparity snuggles herself into Alternate Dawn, and starts to fall asleep. Alternate Dawn looks down at her and smiles.

ALTERNATE DAWN

I'm still tied up, you know.

Sparity keeps her eyes closed and buries herself into Alternate Dawn a little more. She quietly replies.

SPARITY

You're a unicorn. Untie yourself.

Sparity allows herself to drift off to sleep. Alternate Dawn looks at his hooves and use his magic too get himself untied from his bed. He notices another new ID card on the floor, but he just moves the card onto his desk with his magic. He empresents Sparity, and breaths deeply in comfort. He quickly falls asleep.
