EXT. MOUNTAIN PATH - AFTERNOON

Ember and Silvally make their way up the mountain path as the sun shines down on them. Silvally falls behind Ember as he carries both of their backpacks.

Ember stops talking as she looks behind herself and sees that Silvally is too far behind to hear anything she's been saying. She cross her arms as she impatiently waits for Silvally.

EMBER

You know, you could probably keep up if you let me carry my own pack.

Silvally finishes making his way to Ember. Even though his tongue hangs out of his mouth and is painting, he tries to pose like a noble steed.

SILVALLY

Nonsense "My Empress". I would
carry your pack to the next realm
if it meant making you traveling
that much easier.

Ember walks up to Silvally and takes her backpack off of Silvally's back.

Silvally goes to reach for the backpack but his paw is slapped away by Ember's tail.

EMBER

I told you to drop the "Empress",
and just call me Ember!

Ember puts her backpack on, and takes a drink from her water canteen.

SILVALLY

But you're the leader of your clan
and I must show you the same
respect as they do. Otherwise they
may think you're showing me
favouritism.

Ember lightly growls. Turning around she talks quietly to herself.

EMBER

That's the point you idiot.

Silvally tilts his head in confusion.

SILVALLY

What was that Empress? I didn't
hear you, sorry.

Ember covers her eyes with one of her paws in annoyance.

EMBER

I'm questioning why I taught you
how to speak common, since you
seem to like talking back too

much. *Commanding* Now try
keeping up!

Silvally lets Ember take a few steps before he speaks like
a Pokemon.

SILVALLY
Si-si-ly val-ally va-sil il-ly
silvall.

Ember turns her head around and glares angrily at Silvally.
She points to the spot next to her.

Silvally nervously smiles as he makes his way next to
Ember.

As the two start making their way up the mountain path once
more, Ember lightly places her paw on Silvally's neck.

Silvally smiles to himself, but quickly blushes as he feels
Ember kneading his fur on his neck. He looks towards Ember
and sees that she's blushing a little as she looks forward.

EMBER
Be happy I know "il-ly silvall"
means "My Empress". Otherwise I
might have to think you were
trying to talk back.

Ember moves her eyes to look at Silvally and smiles at him.

EMBER (CONT'D)
Dork.

Silvally smiles lovingly at Ember and leans into her.

SILVALLY
Il-ly silvall

MOUNTAIN PATH - LATER

As Ember and Silvally continue to walk up the mountain
path, they come to a large boulder along the side of the
mountain.

Ember goes to push the boulder, but can't move it. She looks at Silvally and motions to the giant rock with her head.

EMBER

Come on, I need you to use some strength.

Silvally stands on his hind legs behind Ember. Placing his front paws on the boulder, Silvally and Ember push it out of the way, revealing a hidden cave.

Ember ducks under Silvally's front legs and heads into the cave.

EMBER (CONT'D)

Hurry in, and move the boulder back in place.

CUT TO:

INT. CAVE - CONTINUOUS

As Silvally enters the cave, he looks back to the boulder. He notices that the boulder has almost a natural looking handle coming out of it. Silvally uses the handle to push the boulder with ease, closing the cave's entrance.

As the cave entrance is sealed by the boulder, the light from outside fades, but light comes shining through further down.

EMBER (O.S.)

Silvally, hurry and come here!

Silvally makes his way to Ember who's entranced with what she's looking up at.

EMBER (CONT'D)

It's beautiful isn't it?

Silvally looks to the top of the cave and is taken with what he sees.

The ceiling to the cave is covered with crystals that glimmer with light. The colour of the crystals change slowly in unison, making the light coming from them seem to dance around the two.

SILVALLY

Remarkable.

Silvally feels Ember hold onto his front leg, and covers him with one of her wings. He looks to her and sees that she's still looking at the crystals.

EMBER

I think it's beautiful.

Silvally continues too look at Ember. The light from the crystals shimmer in her eyes like small stars, blinking in the night sky.

SILVALLY

Beautiful.

Ember looks at Silvally and smiles.

Silvally closes his eyes as he moves to kiss Ember.

EMBER (O.S.)

Come on, it should be just a
little further in!

Silvally opens his eyes and sees that Ember is no longer in front of him. He looks quickly and sees Ember walking further into the cave.

EMBER (CONT'D)

Hurry up Silvally!

Silvally smiles as he softly sighs.

SILVALLY

Coming, "My Empress"

START OF ACT #2

INT. CAVE: HOT SPRING

Ember and Silvally sit on a blanket as they finish eating their picnic.

Ember pours what's left of a purple liquid from a bottle into their cups and hands Silvally his.

Silvally takes a drink, enjoying himself.

SILVALLY

I have to say this gape juice is
fantastic.

Ember covers her mouth as she tries not too laugh, but
still lets out a soft giggle.

EMBER

It's called "grape" juice. You
forgot the "R"

The two laugh together.

Ember quickly finishes her drink and stands up. She
stretches out as she starts to walk towards the water.

SILVALLY

What are you doing?

Ember looks back to Silvally and smiles.

EMBER

You don't walk half a day to a
secret hot spring, and not take a
dip.

Ember turns her head and makes her way to the hot spring
slowly, wagging her tail. As she enters the water she calls
to Silvally.

EMBER (CONT'D)

Are you going to stair at my tail
all day, or join me for a swim?

As Silvally gets up and walks to the water, he watches
Ember walk in till the water goes up her legs.

Ember slowly dives into the water, submerging herself. She
brings her head out of the water as she turns around,
swimming backwards and looks at Silvally.

Silvally slowly puts his paw into the water. As he gets
into the water, the hot spring glows with a soft white
light.

As the light fades away, it remains around Silvally and
Ember for a moment before fading away.

Silvally quickly looks over himself, before turning his attention to Ember.

SILVALLY

Empress what was that? Are you--

Silvally gets splashes in the face. Ember moves to the center of the hot spring as she laughs.

EMBER

Don't tell me that the brave
Silvally is scared of a little
water.

SILVALLY

It's not that--

Ember splashes Silvally again.

SILVALLY (CONT'D)

I'm wondering about--

Ember splashes Silvally more, laughing each time.

Silvally looks at Ember with a slight annoyance.

SILVALLY (CONT'D)

The light

EMBER

Wow, you're really bad at this
game.

Silvally goes to splash Ember with a little bit of water, but none of it makes it to her.

EMBER (CONT'D)

Tell you what, I'll tell you about
the light.

(Starts to swim
backwards)

But you have to catch me.

Silvally looks at the hot spring and sees that it isn't that big.

SILVALLY

It doesn't seem to be that much of
a challenge. But very well.

Silvally quickly rushes in and starts to swim to Ember.

Ember watches with joy. She waits till Silvally is almost at her, before sinking into the water. She quickly swims next to Silvally and jumps on his back. Running her claws lightly threw his fur.

EMBER

If I get out of the water, you
lose.

Ember quickly lowers her body and kisses Silvally behind his ear.

Silvally quickly jumps into the water, turning onto his side. Him and Ember splash into the water.

As they bring their heads above water they laugh. The two chase and splash each other as they try to best the other.

Threw their game of cat and mouse, Ember slowly makes her way back to the shallow end of the hot spring.

Silvally quickly swims to Ember. As soon as his paws touch the stone bottom, he pounces towards her.

Hearing Silvally's roar, Ember turns seeing him fly towards her. She starts to get out of the water, but falls to the ground as Silvally falls on her.

Silvally quickly holds Ember to the cave floor, playfully pretending to bite her neck.

Ember smiles as she holds onto Silvally's front legs. She blushes as she feels Silvally wiggle on top of her, as he pretends to bite her.

EMBER (CONT'D)

Okay, okay. You caught me.

Ember turns her head and grins at Silvally.

EMBER (CONT'D)

But I got out of the hot spring,
so you lose.

SILVALLY

Not true. Your tail is still in
the water. So I won.

Ember is shocked. She moves her tail and lightly splashes
the water. She closes her eyes as she sighs.

EMBER

Fine, I admit defeat. But if I can
make a small request from me
captive-or first please.

SILVALLY

(Smiles)

You may.

EMBER

My leg is bent a little funny and
starting to hurt. Can you stand up
so I can move it?

Silvally slowly stands up, allowing Ember to move her leg.

As Ember finishes repositioning her leg, she sees Silvally's cock poking out a little. As he lowers his body onto hers, it looks like Silvally is trying to mount her.

Silvally nudges Ember under her muzzle.

SILVALLY
Now my Empress--

Ember takes Silvally's head into her paws and kisses him deeply.

The kiss catches Silvally off guard, but he returns the kiss. He lowers his body, letting it lightly rest on Ember's.

As they kiss in each others embrace, time seems to stop for the two. As if in a endless bliss.

Ember shivers uncontrollably, ending their moment.

Silvally raises his body, looking down to Ember.

SILVALLY (CONT'D)
If you're cold, I'll see what I
can find to make a fire.

Ember grabs Silvally's front legs, keeping him in place. She turns her head away, too embarrassed to look at Silvally.

EMBER

I'm fine...

Ember tries to moves her eyes to look at Silvally, but she keeps looking back to his left leg.

EMBER (CONT'D)

It's...

(Lightly growls)

You know how scales cover most of a dragon's body?

SILVALLY

Yes.

Ember loosens her grip on Silvally's front leg, as she gently rubs them.

EMBER

Well, our scales move when we want to be "with" someone.

Silvally looks down to Ember not knowing what she means.

SILVALLY

But we're with each other right now.

Ember tries to hide her frustration and embracement by covering her eyes.

EMBER

Look down my body and tell me what you see.

Silvally looks down Ember's body and sees that her scales have moved expressing part of her body. He quickly looks up to her worried.

SILVALLY

Are you okay? I didn't hurt you
did I?

Ember stares at Silvally in dismay.

EMBER

Have you ever had sex before?

Silvally thinks for a moment.

SILVALLY

I don't think, you taught me that
word.

EMBER

Just do everything I tell you, and
I'm sure you'll catch on.

Silvally nods in reply.

Ember uses her paws to move Silvally's head to hers, and
kisses him. As they kiss Ember slowly lets her tongue enter
Silvally's mouth.

The sensation catches Silvally off guard, but he slowly
moves his tongues against Embers.

Ember lowers her head back to the ground, making Silvally lower his body onto hers again. Using her tail, Ember finds Silvally's cock and slowly rubs her tail against it.

Silvally shivers from the feeling. He kisses Ember more passionately with each passing moment. As his cock becomes more erect, his body slowly starts to thrust on its own.

Ember moves her head and speaks softly to Silvally.

EMBER (CONT'D)

I'm ready if you are.

Silvally lost in a daze looks at Ember.

Ember grins as she pushes Silvally a little off of her, and looks at his erect cock. Her eyes move back and forth from Silvally's cock to his eyes.

After Ember's tail taps against something sensitive, Silvally looks down. He sees his cock sticking out of his fur. He nervously smiles at Ember.

SILVALLY

I think my body changed a little
bit when I came to this world.
It's never been this big before.

Ember smiles, as her eyes stair into Silvally's with a hunger behind them.

EMBER

Slowly put it into the hole my
scales made.

Silvally slowly lowers his body, placing his cock in front of the hole in Ember's scales. He slowly moves his body forward, letting his cock slide into Ember.

The two moan together as there bodies adjust to the new feeling.

Once Silvally pushes most of his cock into Ember, her body jerks. She takes a hold of Silvally's front leg.

EMBER (CONT'D)

Okay, slowly move it in and out.

Silvally does as he told. Slowly moving his hips back and forth, allowing his cock to slide in and out of Ember's pussy. As Ember's pussy releases some of its juices, it cover Silvally's cock heating it up.

Silvally starts to move his cock faster. The warmth from Ember's body increases as he continues.

Ember feels Silvally's cock make its way further into her, with each thrusts. It slowly starts to poke past her cervix.

Ember closes her eyes and moans with each thrusts.

EMBER (CONT'D)

This is so much better then using my claws.

SILVALLY

Painting Have you... Never done this before?

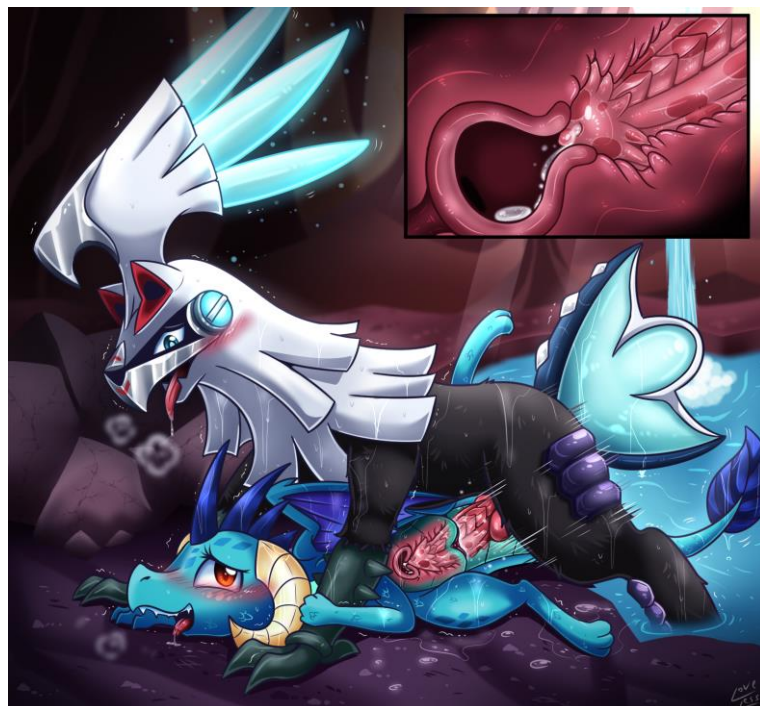

Ember slowly shakes her head.

EMBER

Only with my paws and toys. You're my first.

Ember's inner walls around Silvally's cock slowly start to tighten up against it. Silvally starts to thrust harder and harder to move his cock. He feels something else making it harder to move his cock in and out of Ember. So he thrusts each way with his full force.

Ember feels the head of Silvally's cock enlarging with each thrusts. It's almost as if it doesn't want to leave her body, and fights harder to stay in. She whimpers with each of his thrusts.

EMBER (CONT'D)

More... Keep going. I don't want you to stop.

As the head of Silvally's cock expands fully, he pulls as hard as he can to pull it half way out. He hears Ember scream of pleasure as something warmer pushes against his cock.

Ember's inner walls tighten around Silvally's cock to the point he can barely move it. He thrusts as hard as he can, pushing his cock and knot into Ember's pussy. Feeling his cock explode inside of her, Silvally lets out a roar.

Silvally rests his body on Embers's. His cock and her inner walls not letting him move as he finishes cumming inside her.

As he feels Ember's inner walls give away from his cock, he pulls it out. He watches as it drips his cum and Ember's juices on to the cave floor.

Silvally moves and lays next to Ember who seems to be catching her breath. He gently places a paw on her, and nuzzles into her neck.

SILVALLY

I have to say, this "sex" is rather good.

Ember turns onto her side and looks at Silvally. She takes his beak into her paws tightly, as her eyes narrow.

EMBER

If I catch you doing this with "anyone" else, I'll be using your fur as my new blanket. Understood?

Silvally nervously nods his head.

Ember kisses Silvally's beak as she lets go of it.

EMBER (CONT'D)

Good boy. Now to honor my word I'll let you know what the light does.

Ember quickly enters the hot spring again, and motions for Silvally to join her.

As Silvally enters the water, the light shines and fades away as it did before. He watches Ember make his way to her.

Ember smiles at Silvally as she pushes him to lay on his back.

EMBER (CONT'D)
You see this is hot spring is
known as "The Lovers Bath".

Ember lightly kisses Silvally's neck as she takes his cock into her paw.

EMBER (CONT'D)
If the two that bath in its water
are in love, it's magic will
restore there stamina. Allowing
them to keep having "sex".

Ember slowly starts to move her paw up and down Silvally's cock.

EMBER (CONT'D)
It can't be one sided love, or
lust. They have to truly love each
other.

Silvally blushes as he hears Ember speak. He moves his head to look at Ember.

SILVALLY
So does that mean you--

Ember quickly kisses Silvally.

EMBER
Stop talking.

As Ember works Silvally's cock with her paw, she slowly moves down to his neck. She lightly bites it, ending it with a kiss. She makes her way down his body with her little bites and kisses.

Silvally squirms. He tries to stop himself by digging his claws into the rocks.

As Ember makes her way down to Silvally's cock, she kisses the spot just above it. Sticking her tongue out, she licks each side of his cock.

EMBER (CONT'D)

So this is dirty thing you had me.

Silvally looks down and sees Ember's mouth as his cock. Her teeth show as he sees her going to bite it.

Once the full length of Silvally's cock is in her mouth, Ember flicks her tongue against it. She slowly closes her mouth, placing her lips softly around Silvally's cock. Slowly sucking on it, she moves up it's shaft reaching the top.

Silvally watches in awe as he sees Ember stop with the head of his cock still in her mouth. Her lips pushes harder around it, as she kisses it.

SILVALLY

Il-ly silvall...

Ember looks and sees Silvally trying his best to control himself. She wraps both her paws around his cock, slowly twisting them as she moves them up and down.

EMBER

Call me Ember, and I'll keep doing this for you until you cum.

Silvally tries to fight thew the pleasure.

SILVALLY

But, that wouldn't be prop--

Silvally jumps as he feels one of Embers paws slide off his cock to his balls, slowly massaging them.

EMBER

What's my name?

Silvally whimpers trying not to give in.

Ember moves her mouth down and lick Silvally's balls as she keeps them in her paw.

EMBER (CONT'D)

Say it, or I might have to think
you want me to stop.

Silvally looks down to Ember. He watches as she slows her paws movement.

SILVALLY

Em... Ember.

Ember smiles with delight. She slowly starts to rub Silvally's cock fast again, but never moving past its head.

EMBER

Good, boy.

Ember slowly kisses the head to Silvally's cock. Each kiss lasting longer then the last.

EMBER (CONT'D)

As a reward, I'll give you what's
known as a blow job.

(Looks up at Silvally)

But you have to promise to cum
inside my mouth.

Silvally can only nod in agreement.

With one of her paws Ember massages Silvally's balls again. Slowly letting them roll around in her paw.

Her other paw moves up and down Silvally's cock in a twisting motion, just below her lips.

Silvally watches in awe and delight as Ember moves her mouth up and down his cock. He feels her tongue moving around it as she continues.

Ember slowly lets Silvally's cock fall from her mouth. She holds it with both her paws as she looks at it.

EMBER (CONT'D)

So these are what caused me so
much delight before.

Ember slowly drags the back of one of her fingers down the barbs that cover the bottom of Silvally's cock. She pushes down on her fingers as she moves is up the barbs, letting each on roll over her fingers.

Silvally's body jumps each time.

As Embers reaches the top of Silvally's cock again, she sees the head expanded. The top of his cock seems to have its only little barbs that would keep his cum from oozing out when cumming inside someone.

Ember hold Silvally's cock tightly under it's head. She pushes it from behind letting the small barbs push against her paws.

Ember moves her tongue down Silvally's cock. Once at the base, she drags it up against the barbs on the bottom of his cock. Letting her tongue flick against them as she moves up.

Silvally claws sink into the stone as he digs into them more. His body twitches and squirms.

SILVALLY

Empress... I think--

Ember breaths heavily against Silvally's cock as she goes to place it back into her mouth.

EMBER

What's my name?

SILVALLY

Ember.

Ember sees the flesh scales on both sides of Silvally's cock flare up as she breaths against it. She places

Silvally's cock back into her mouth. Moving up and down as fast as she can, she places her body lower between Silvally's legs holding them with her paws.

Silvally watches Ember as she sucks on his cock. Her tongue moves against the barbs and scales on his cock, stimulating them to stick out more as his cock hardens.

As Ember feels Silvally's cock twitch in her mouth, she sucks as hard as she can on it. Each of the barbs on his cock popping out as they move past her lips.

As Ember makes it to the head of Silvally's cock, she takes a hold of his cock with both her paws. She twists them as she stops at the head of his cock.

Ember's lips keep the head of Silvally's cock in her mouth. She lets the small barbs on the head of his cock push against her lips as she continues to suck on it. But she never lets them move past her lips. She moves back down on his cock a little, just to stop at the barbs. Letting them push harder against her lips.

Silvally gives into the feeling and allows his cock to explode. He arches forward placing his paws on Ember's head, keeping it in place as he cums.

Ember swallows Silvally's cum as it continues to shoot into her mouth. Even after Silvally is finished cumming, she strokes his cock sucking on the top to get every last bit of it.

As Silvally goes to lay back on the wall of the hot spring the light from the water shines, replenishing his stamina.

Ember grins at him.

EMBER

I told you that the hot spring
will recover your stamina.

Silvally grabs a hold of Ember, and moves behind her. He pushes her to the wall of the hot spring as he moves behind her.

Ember stands still not knowing what Silvally is doing. She goes to move to face him, but Silvally's paws holds hers to

the walls of the hot spring making it so she can't turnaround.

EMBER (CONT'D)

Hey what are you doing?

Ember feels Silvally bite her neck, as his cock moves between her legs.

Silvally moves his tongue up and down Ember's neck, as he keeps her in place. Trusting his body against hers, he lets his cock find Ember's pussy.

Ember tries to struggle out of Silvally's grip, but her body gives in as she feels his cock pushing its way back into her.

EMBER (CONT'D)

Getting a little over zealous
don't you--

Ember lets out a shriek as Silvally pushes his cock into her, only stopping at the top of his knot.

Silvally lets go of Ember's neck, and moves his head next to hers. Nudging her as he purrs.

Ember rubs her head against Silvally's gently.

EMBER (CONT'D)

It's okay, I want you to give it
everything you have.

Silvally slides his cock in and out of Ember's pussy, quickly picking up his speed.

Ember can only stay in place, as she feels Silvally's cock start to make it's way into her crevix. Slowly poking into her uterus with each thrust.

As Ember's pussy releases it's juices onto Silvally's cock heating it up, his barbs and flesh scales start to extend out.

The barbs and flesh scales stimulate Ember's inner walls, making them tighten around Silvally's cock.

To keep up with his thrusting, Silvally pushes harder with each thrusts. The heat from Ember's body, and her juices

cause his cock to still grow in length. The head of his cock slowly making it's way into Ember's uterus.

Ember feels the barbs on Silvally's cock push out harder. As if they want to make it past her crevix.

EMBER (CONT'D)
Painting Please... let me feel
it. I want... everything.

Ember holds onto Silvally's claws as he pushes his cock harder into her.

As Silvally pushes his knot into Ember's pussy, he lets out a roar. The head of his cock pushes its way into her uterus, but the barbs on the head of his cock makes it so he can't pull it out. He releases his cum right into Ember's uterus.

As Silvally cums, Ember feels herself cumming with him. Her body tightens up as her juices try to spray out, but Silvally's cock stops most of it from getting out.

The two breath heavily as there bodies rest against each others.

INT. CAVE: HOT SPRING - THE NEXT DAY

Ember and Silvally lay together on top of a sleeping bag that's spread out. Silvally moves his head against Ember's chest as he playfully moans.

Ember moans in reply as she rubs the back of Silvally's ears.

Silvally smiles as he moans again.

Ember replies with a "no" moan.

Silvally gives off a whimpering moan.

The two laugh ending there pillow talk. They slowly sit up and kiss each other.

EMBER

Morning.

SILVALLY

Morning.

The two slowly kiss again. Silvally looks into Ember's eyes as he moves his head away.

SILVALLY (CONT'D)

I don't think I could ever feel
like this, with anyone else.

Ember's smile slowly turns into a grin.

EMBER

You're only saying that because
you cummed like twelve times
yesterday.

The two gently rub their heads together. As one goes to move to kiss the other, they move their head lightly giggling.

Ember takes Silvally's head into her paws and speaks softly into his ears.

EMBER (CONT'D)

You know, we could go for a quick
swim before we leave.

Silvally dashes into the hot spring. He waits for Ember like a impatient puppy.

Ember joins Silvally in the hot spring, kissing him as soon as she reaches him. As Ember goes to kiss him again, Silvally moves his head away.

SILVALLY

Odd.

EMBER

What is it?

Silvally looks confusingly at the water.

SILVALLY

The water didn't light up like it
did yesterday.

Ember's eyes widen as she starts to panic a little.

EMBER

Oh no, no, no.

Ember places her paws on her head, as she slowly walks around.

EMBER (CONT'D)

My dad is going to flip!

Silvally moves and holds onto Ember.

SILVALLY

What is it? What's wrong?

Ember nervously smiles.

EMBER

You remember me telling you that the hot spring's magic will only work if the two that are in it are in love with each other?

SILVALLY

Yes.

EMBER

Well there's one more rule I didn't tell you.

SILVALLY

What's that?

EMBER

The magic won't work if the girl is pregnant.

Silvally's eyes widen as her hears the news.

SILVALLY

You mean?

EMBER

Yea. I'll probably lay a egg or two in four or five weeks.

Silvally passionately kisses Ember. He smiles brightly as he looks at her.

SILVALLY
This is "good" news! Why would
your farther be upset?

Ember can only nervously smile.

CUT TO:

INT. CAVE 2

Silvally stands on the ground as he looks up at giant dragon. Silvally can only look up scared as the dragon's body goes past his view. He slowly walks backwards.

Silvally lets out a quite whimper as he turns white, doing as he does as he's told.
