Forewurd

Old Ponish captures a magical time in our history. It represents a formal literal unity of the Three Tribes. While its use as a lingua franca had been developing for generations, it was not given academic merit until the uniting of the tribes brought about a need for a single unifying language.

"Decrees need to be proclaimed! Laws need to be written! Yet each tribe speaks its own tongue!"

However, much to Princess Platinum's embarrassment, the very language she was speaking to her fellow leaders held the answer. For while she thought she was speaking the language of the Earth ponies, she was actually speaking a simpler form of Ponish that was used in trades and negotiations: the same language spoken by merchants, farmers, sailors and adventurers. And even for those without any knowledge of the Ponish language, the creole was simple enough to pick up and its use was encouraged by the ponies reaching out to foreigners with it.

Old Ponish, while its roots are found in the Earth pony language, finds its wings with Pegasan. The warrior race traded (and scuffled) with distant lands. They told stories of bravery and conquest filled with heroes and virtues. They told anyone who would listen about the edges of the world and the boundless sky above. They met the Kirin of the Far East and crossed the Saddle Arabian deserts.

Yet it was the Unicorns who whet the pony world's appetite by sharing their arts, science and magic. The Pegasi would not have been the legends they were without the armor forged by Unicorn smiths: as quickly as the unicorns could develop theory, the pegasi would apply it. And both needed the raw materials from the earth in order to do so. And so come the earth ponies into the picture.

Masters of the earth, they created food and mineral from seemingly their dirt and sweat. They were the center of most trades because no other tribe could produce such an abundance of food or resources. And so naturally, the unicorns and pegasi were quick to learn enough of the Earth pony language to befriend and negotiate. This "broken" Ponish wasn't perfect to any ears, but neither were their relations.

Yet despite long winters, mass migration and the near total collapse of civilization, their bonds and the language representing it remained: this tongue of none became a language to unite them all. This creole language, known nowadays as Old Ponish, represents the friendships formed between ponies so different working together for a common goal.

Vowels	As In	IPA	Notes
a	father	/ɑ/	
e	echo	/ɛ/	
i	machine	/i/	
o	pony	/o/	*also realized /əʊ/, /ou/ or /ɔ/
u	book	/ʊ/	
y	list	/i/	
ae	say	/eɪ/	*/e:/ in some Unicorn accents
ai			
ie	pie	/aɪ/	
igh	night		*/iː/ in some Earthly dialects
au	how	/aʊ/	
ea	cat	/æ/	
eo		/eo/	
ig	feet	/i:/	
ou	boot	/u:/	
-h		/:/	lengthens previous vowel

Any other adjacent vowel combinations are separate syllables.

Notable			
Consonants	As In	IPA	Notes

5 General Rules of Word Stress:

1 Words with Two Syllables

For nouns, adjectives and adverbs, stress is on the FIRST syllable.

riʒan (friend)

stallo (stallion)

For verbs and prepositions, stress is on the LAST syllable.

grazen (to eat)

frieken (to dance)

luvzi (to love)

2 Words with Three or More Syllables

The stress is always on the penultimate (second to last) syllable.

unikeran (unicorn)

akademia (academy)

Ekwostria (Equestria)

3 Compound Words

For compound nouns, stress is on the FIRST part.

houspak (roof)

snoutol (nostril)

slaepgae (lullaby)

Haervestmond (August)

For compound adjectives and verbs, stress is on the SECOND part.

lornmepa (to introduce)

nypradrawan (to defeat)

vaerpriz (dead, "everfree")

ponifraemed (pony-shaped)

4 Prefixes & Suffixes

Never stress prefixes and suffixes, but the syllable after and before it respectively.

nainmoz (impure)

wypnaeg (to contradict)

ofargaet (to propagate)

dypwitter (specialist)

sefarstorra (superstar)

bilbung (imagination)

genaeraft (generosity)

inmozian (purity)

gelkumest (luckiest)

If a word is composed of both a prefix and suffix, stress the syllable before the suffix.

sefarkraftenung (skyscraper)

sefarsalenfum (supermarket)

tymbervarger (lumberjack)

selvysskripping (autobiography)

5 Plurals

When a noun is in its plural form, the stressed syllable does not change.

riʒan (friend) – *riʒani*

unikeran (unicorn) – *unikerani*

stallo (stallion) – *stallosi*

Syllables

The language prefers CVC over CV.

If you see a word that is CVCV

it's most likely broken down as CVC'V

Old Ponish	Part of Speech	English	Note
A a	(prep.)	"of", expressing other forms*	*Those which <i>se</i> or <i>ulf</i> do not express

This table of runes will always be right -- refer back to this if there are any contradictions on other pages.
(Said contradictions likely arose from the fact that Old Ponish Runes is not a font.)

English

Hello, how are you?
I am good, thank you.
I am going to Ponhenge.
Reward requires risk.
I require your horn.
He is a stallion.
She is going to work.
My Little Pony: Friendship is Magic.
I love you.
Join the herd!
Kiss me, you fool!
She is the knight of Canterlot.
These are gates of iron.
I love the hugs of a friend.
We'll meet again
I don't care lit (not important)

Old Ponish

Halla, vi þou es?
Ight kalle, þakka.
Ight gaet toward Ponhenge.
Hlight foresetten plight.
Ight naed þoup horan.
Hert stallo.
Hin gaet toward vargfum.
Ighþ Min Poni: Rijanaft es Sael.
Ight luvji þou.
Junkt del haerd!
Kouss ight, þou fjul!
Hin es genykt ulf Kanterlot.
Vysi ar gatri se izern.
Ight luvji huggesi a rijan.

Justification

"Applejack" a type of alcoholic drink, hence "apple ale".

Pegasan cadencia, meaning "rhythm"; In Pegasan Mihi Amore Cadencia; In Ponish, lght Luvji Kadenza.

Adaptation; also, Old Unicornish Discour, name for Discord and word for divisiveness or strife.

flotr, irregular form of floten "to float" + ßie "shy"

gwend, "to gust, to blow" + er "one who does" something

Literally "sweet little lady"
