

Better Together_Demo V2 Lyrics

Verse

I gotta tell ya something
You're really gettin' on all my nerves

I don't know what to tell ya
Sometimes ya get just what you deserve

I really gotta wonder
Why ya act just the way ya do

Well if ya think you're perfect
Lemme tell ya I got news for you

Pre Chorus

We may be opposites
We may be opposites
I don't care about that
Cuz as long as we're together
You know that I've got your back

Chorus

Cuz it's just
You and me
We're better together
Don't you agree
We're better together
We're not the same, don't have to be
We see the world so differently
But, I know we'll always be
better together

Verse 2

But sometimes you do have an attitude
Excuse me Zipp, that's like so rude
Not everything's about you anyway
Is too
Is not
Is too

OKAY

It's because of you that we're in such a mess
You know I gotta tell ya, you're sounding so high maintenance
