EXT. BOARDTROT - IZZY'S STALL - DAY

SONG INTRO. Smash cuts of Izzy gearing up with her tools and goggles. She cracks her neck. And SEÑOR B'S. They hoof-bump.

1 SEÑOR BUTTERSCOTCH 1
 Let's make a lil magic!

2 IZZY MOONBOW 2
 Or...a whole lotta magic!

Izzy throws open the stall. REVEAL: a HUGE line of TOWNSPONIES holding broken items for up-cycling.

3 IZZY MOONBOW (CONT'D) 3
 Okay ponies - who's first?
 (mischievous laugh)

Izzy is wide-eyed and EXCITED. Señor B isn't sure. Everypony pushes forward. Less a queue, more a swarm. POSEY is at the front, holding a parasol with a sparky-shaped hole.

4 POSEY 4
 (to others)
 Stop. Shoving-uh!
 (Shoving continues as
 Posey makes her way to
 the front)
 As you can see, I had a little bit
 of trouble with a certain baby
 dragon... whatdya think, Izzy, can
 you fix it?

Posey holds an eerily sweet smile. Izzy peeks through the hole in the parasol gently...

5 IZZY MOONBOW 5
 Fix it? FIX IT? HA! I can do **better**
 than that, Poserino!

She RIPS an entire chunk of the material off. Goggles on!

6 IZZY MOONBOW (CONT'D) 6
 (Action voice) Let's do this!

TITLECARD

SONG "A lil magic!" FULLY KICKS IN: Big, bombastic, theatrical number that gradually increases in tempo. "Friend like me" meets "Spectacular Spectacular".

Izzy sings about giving 'a lil magic' as she uses every tool at her disposal to not only patch the parasol, but also completely upgrade it into a super, spinning 'power-sol' that, when handed back to Posey, immediately zooms into the sky with her pulled behind.

7 POSEY 7
No, I just want to stay dry, not
(being yanked) *flyyyyyyyyyyy!*

8 IZZY MOONBOW 8
(Shouty at Posey as she flies off)
You're welcome!
(and then)
Next?

A PILE of ponies jump forward at once, holding out items.

9 DAHLIA (SIMULTANEOUS) 9
My Flower cart's broken!

10 PEACH FIZZ (SIMULTANEOUS) 10
My headphones are crackly!

11 RUFUS (SIMULTANEOUS) 11
(wearing his hat round his
neck)
I broke my hat... Again.

12 THUNDER (SIMULTANEOUS) 12
Look at this dented armour!

Izzy's eyes widen. Everyone shoves forward.

13 IZZY MOONBOW 13
Wow <NERVOUS LAUGH> that's...a
lotta broken stuff...

14 DAHLIA 14
But you've got the magic touch, Iz!

15 IZZY MOONBOW 15
(Confident) Yeah, thanks Dahlia -
you're right!

Izzy scoops up all the items with **U-MAGIC** and sings as she frantically works on them all at once. Her **cutie mark** shines as she works - she uses **U-MAGIC** to hammer the wheel, funkify the headphones, blow-torch the armour, and mend/supersize Rufus' hat. Her magic is EVERYWHERE: a literal whirlwind of creation.

Izzy's **CM** shines brighter. Blasts of **magic** shoot off on all directions. Some explode like fireworks over the townsponties:

```

16                                EVERYPONY                                16
                                (Gasps in awe!)

```

Some magic blasts strike objects around the boardtrot, causing them wriggle to life - including cups at SUNNY'S STAND, which growl at FIGGY, who is enjoying a smoothie.

17 GRANDMA FIGGY 17
(Slurping) Mmm! (Dodging) AHH!

The cups draw together like magnets and roll away on their own, drawing other items near. SUNNY rubs her eyes.

Meanwhile, the swarm of customers isn't slowing: WINDY has a bicycle with a bent wheel, DAZZLE has a sparking microphone, and ROCKY is beside a HUGE PILE of all kinds of appliances.

18 WINDY (SIMULTANEOUS) 18
Can you work your magic on this?

19 DAZZLE (SIMULTANEOUS) 19
Izzy, I need your help!
(rxtn to sparking mic)
Oh no! WAHHHHHHH! WAHHHHH!

```
20                                ROCKY(SIMULTANEOUS)                                20
                                Hey! I was next!
```

Izzy smiles and takes all the items away with her magic. SEÑOR B watches - suddenly the magic holding him briefly glitches.

21 SEÑOR BUTTERSCOTCH 21
 (Nervous) Hmmm - maybe we need a
 little break, Izzy? There's a lot
 of magic out there!

22 IZZY MOONBOW 22
I know! Isn't it great? MORE IS
MORE, Senor B!

Izzy barely hears him, consumed by work. She blasts magic all around her stall and the boardtrot. Previously fixed items begin to be drawn together into the mass started by the cups:

- POSEY lands roughly (but safely) in a sandcastle on the beach as her POWERSOL flies off.

23 POSEY 23
(oof!)

24	MISC. PONY KIDS	24
	Hey! / Our Sandcastle! / Watch it!	

- DAHLIA pushes her flower cart down a street - until its struck with magic. It bucks/shakes Dahlia off and zooms itself away down the street.

25 DAHLIA 25
My flowers!

Following the cart, we find Thunder chasing his armour (which runs itself, as if worn by an invisible pony).

THUNDER

I order you to **stop!**

As he says this, the armour finds the growing mass of magical items (inc. the powersol and flower cart). It rises, casting a shadow over him.

```

27                                JUNK BEAST                                27
                                   (growl)

```

[illegible]

Thunder runs off.

As the song reaches it's big finale, the line to Izzy's to Izzy's stall finally thins. Izzy looks more and more exhausted, her **cutie mark** flickers, and one final blast of magic (as the final note of the song is belted) ricochets off the **NOVASHARD** embedded in the stall and explodes with magic that fills the screen. **SONG ENDS.**

EXT. IZZY'S STALL - MOMENTS LATER

The MANE 6 (HITCH, SUNNY, ZIPP, PIPP, MISTY and SPARKY) approach Izzy's stall, dodging objects that fly overhead (and through their legs) to the JUNK BEAST O.S.

29 MANE 6 29
(dodging/wobbling efforts)

30 SUNNY STARSCOUT 30
You know we love your creative
magic, Izzy...

31 HITCH, ZIPP, PIPP, MISTY 31
 (agreeing walla)
H: We love it!/ Z: Totally! / P: So
Much! / M: Oh yeah! Big time!

32 SUNNY STARSCOUT 32
But everything is starting to feel
a little bit-WAHHH!
(MORE)

SUNNY STARSCOUT (CONT'D)
(dodges an item)
...out of control?

Izzy stands up, a bit woozy from all the work.

33 IZZY MOONBOW 33
What do you mean?

34 MANE 6 34
(in awkward unison) Well...

The M6 part, revealing the JUNK BEAST, now towering over the buildings, STOMPING THROUGH TOWN. It's like a GIANT JUNKY funhouse mirror version of Izzy, crossed with MONGO from SHREK. It grabs trees and vehicles and smushes them together, like a toddler with building blocks..

35 JUNK BEAST (LOW MONSTER IZZY VOICE) 35
MMMMMMM MAGIC! (oafish laugh)

Dolly-Zoom on Izzy.

36		IZZY MOONBOW	36
	(ominous gravitas)		
	What have I done?		

Izzy explodes with neuroses as she paces all around.

37 IZZY MOONBOW (CONT'D) 37
My magic's gone totally wild! And
not the good kind of wild with
glitter and rainbows - it's the
'giant monster destroying the town'
kind of wild - WHAT DO I DO?!

Misty puts a reassuring hoof on her shoulder.

38 MISTY 38
It's gonna be okay. Just take a
breath, Iz.

Izzy rapidly inhales and exhales.

```

39             IZZY MOONBOW
              (super fast breathing)
39

```

ZIPP

A slower breath, maybe?

```

41                                IZZY MOONBOW                                41
                                (slow, calm breaths)

```

The ponies line up alongside Izzy, witnessing all the chaos.

42 IZZY MOONBOW (CONT'D) 42
I can't believe I did all this...

43 HITCH TRAILBLAZER 43
You were just trying to help
everyone.

44 SUNNY STARSCOUT 44
But maybe not *everypony's problem*
needs a magical fix? And definitely
not all at once!

45 PIPP PETALS 45
Sometimes you just need one simple,
creative solution at a time - which
is like, totally your specialty!

Rufus is dragged through the air by his absurdly tall hat as
it 'heads' to join the JUNK BEAST. The ponies wince.

46 IZZY MOONBOW 46
Oh no! RUFUSSSSS! PONIES! What do I
do???

Suddenly, SEÑOR B struts into the group - a little too
comfortable with everyone else. He puts his arm around Hitch
and Pipp's shoulders, as if they're pals.

47 SEÑOR BUTTERSCOTCH 47
It's like I always say, Iz. To
solve big problems, you just gotta
think BIIIIIIIG!

A lightbulb in Izzy's mind as she stares at Señor B.

48 IZZY MOONBOW 48
'Think big'...! That's it!

Izzy lowers her goggles, then cracks her neck again.

49 IZZY MOONBOW (CONT'D) 49
One big creative solution coming
up!

50 SEÑOR BUTTERSCOTCH 50
(whispered to Pipp)
Why's she lookin' at me like that?

Pipp smiles awkwardly and starts to back away - and
encourages the other ponies to do the same! Senor B's eyes
widen...

51 PIPP PETALS 51
(to M6) Everypony get back!

Izzy closes her eyes, recites her couplet.

52

IZZY MOONBOW

52

I sparkle like the stars
Cuz I'm always super glittery
When my cutie mark comes to life
Watch this brilliant CREATIVITY!

Izzy opens her eyes, and winks - seemingly to camera. A FLASH OF **CUTIE MARK MAGIC** and she is transformed into RAINBOW HAIR IZZY. The screen fills with magical light.

EXT. MARETIME BAY SKYLINE - MOMENTS LATER

The JUNKBEAST is twisting a streetlight like a balloon animal.

53

JUNK BEAST (LOW MONSTER IZZY VOICE)

53

MAKEY MAKEY MAKE. (oafish laugh)
(over below shaking)
SHAKEY SHAKEY..?

Suddenly, the ground starts to shake. From the skyline opposite, a GIANT SEÑOR B, armoured with all kinds of odds and ends rises with.

54

RAINBOW IZZY

54

You were right, Señor B. A little
magic goes a long way.
(action voice)
And it's time we take mine back!
CHAAAARGE!

55

JUNK BEAST

55

(Rooooaaaaar!)

Señor B and Izzy launch at the JUNK beast. As they collide, there is a huge <CRASH> and the screen white's out... The M6 are shocked (except Sparky, who is LOVING it).

56

MANE 6 (SIMULTANEOUS)

56

(gasp!)

57

SPARKY (SIMULTANEOUS)

57

WOOOO!

EXT. MANESTREET - MOMENTS LATER

Bits of the Junkbeast (mostly cups) rain from the sky. The M6 find Izzy cradling Señor B in the centre of the debris. His golf club and plunger leg are nearby on the ground.

58 SEÑOR BUTTERSCOTCH 58
 (cough) Thank you, Izzy...

59 IZZY MOONBOW 59
 Señor B..? No..!

60 SEÑOR BUTTERSCOTCH 60
 You're my best... friend...

Señor B goes limp. The M6 are heartbroken. Beat.

61 SEÑOR BUTTERSCOTCH (CONT'D) 61
 Just kidding!

Señor B and Izzy hop up. Izzy uses **magic** to fix him.

62 IZZY MOONBOW 62
 Should'a seen the looks on your
 faces! Ha ha!
 (looking around)
 Eesh! I should really fix all this!

The M6, numerous dust/junk-covered townspanies, and Señor B
all look at Izzy firmly - has she learned nothing?!

63 MANE 6 63
 IZZY!

64 IZZY MOONBOW 64
 ... But this time carefully, and
 one bit at a time.

65 MANE 6 65
 <RELIEVED GASP>

66 EVERYPONY 66
 <LAUGHTER>

END OF EPISODE.
